

Harley Davidson security training  
in Robinson Club Cala Serena Majorca

As 1. Parkinson patient (born 1935), which was treatment in Germany with 3 years stem cells ago I attended in

Majk FAUST the Academy head  
Harley-Davidson Academy of Motorcycling  
Robinson Club Cala Serena  
Mallorca  
the Harley-Davidson security training with great success.

Because the biking gives me much pleasure and I go increasingly greater distances, I have decided to this motorcycle safety training.

This is carried out in cooperation with the ADAC of Harley-Davidson.
